SKILLS

- .NET
- Java
- Python
- C++
- SQL
- Communication
- Time management
- Adaptability

PROFILE

With over 6 years of programming experience, I have developed a strong skill set in various programming languages and technologies. I am currently pursuing a Software Engineering degree at Fontys University of Applied Science.

EDUCATION

- ICT & Software Engineering** **2021 - ongoing**
Fontys University of Applied Sciences - Eindhoven
- System Programming** **2016 - 2021**
Vocational High School of Electrical Engineering Varna

WORK EXPERIENCE

- Bas Worl AI Chat-Bot, HBO Fontys, Eindhoven** **Sep, 2022 - Jan, 2023**
I played a key role in the development of the "Freelance" project for BasWorld, where my team and I, under the guidance of our Agile coach, successfully implemented an AI-powered ChatBot capable of addressing user and website-related inquiries.
- Freelance** **2016 - Present**
As a freelance software engineer, I have extensive experience in designing, developing, and maintaining software solutions for a variety of clients. My skills include proficiency in multiple programming languages, experience with agile development methodologies, and a strong ability to troubleshoot and debug issues. I am highly adaptable and able to quickly learn new technologies. I am able to work independently and as part of a team to deliver high-quality software solutions within tight deadlines. You can see some of the projects I've worked on in my portfolio. <https://radev.software>

SKILLS

- .NET**
I have a deep passion for the .net ecosystem and have advanced skills in technologies such as ASP.NET's Web APIs and Razor Pages, .NET MAUI, WFA, WPA, and WinUI3.
- Java & Spring**
I possess a high level of proficiency in the design and development of RESTful API services utilizing the Spring Boot framework.
- FrontEnd**
Throughout the years, I have gained a significant amount of proficiency in front-end development, including fluency in HTML, CSS, JavaScript, and the React framework.
- C++ & Python**
During my high school years, I acquired a strong foundation in C++ and Python. Recently, I have been expanding my knowledge in the field of Artificial Intelligence and machine learning which has led me to further develop my proficiency in Python.
- Misc**
I possess a strong understanding of Linux command-line interface and proficiency in networking. Additionally, I have experience in implementing Continuous Integration/Continuous Deployment (CI/CD) practices and expertise in database design, proficient in SQL and experienced in utilizing Object-Relational Mapping (ORM) tools.
